(Successor to the Maryville Republican)

VOLUME 3.

MARYVILLE, MISSOURI, THURSDAY, JUNE 6, 1912.

No. 3.

BOOMS GOOD ROADS

GOVERNOR SAID IMPORTANCE CANNOT BE OVERESTIMATED

A VITAL FACTOR OF LIFE

Has a Direct Bearing on "High Cost of Living" and is Controlling Influence in Success of Business.

The first Rural Community Life Conference of Northwest Missouri was most auspiciously closed Thursday night by a magnificent address on Rural Community Life by Governor Herbert S. Hadley.

The spacious Normal auditorium, in which the Conference was held, was filled almost to overflowing to greet Missouri's executive.

The evening conference opened at 8:15 o'clock with three numbers by the Missouri Ladies' Military Band. The directress, Miss Alma Nash, cannot be too greatly commended for the excellent work of the musicians under her direction. Their first number, "Q. S. Clarion" by McCash, was especially well rendered. As a closing number of this program the band played "Hail to the Chief" for the Governor.

Following the opening music, Mr. A. F. Hall of Crawfordville, Indiana, gave an illustrated talk on Rural Consolidation. As on the occasion of his appearance in the morning, Supt. Hall gave a very enthusiastic account of the results of rural consolidation in Montgomery county, Indiana, of which county he is superintendent of schools.

The Normal Male Quartet sang a number after Mr. Hall's lecture but refused to respond to a hearty encore. Mrs. F. P. Robinson sang "All Things Bright are Thine" by Manners, in an excellent voice, after which President Taylor introduced Judge W. G. Hine of Savannah, vice-president of the Board of Regents of the Northwest Normal. Judge Hine introduced Governor Hadley, paying the speaker a fine tribute.

"What causes the high cost of living?" asked the speaker, and he answered that the combination of trusts, and the great increase in the supply of gold which decreases the purchasing power of the dollar are, in a large measure, responsible for the increase in the cost of living. The solving of this problem is the turning of more people to the oldest and most important occupation of them all, agriculture.

"There are two all-important phases in connection with the pursuit of agriculture," said the Governor. "How to keep the people on the farm, and how to get the best results from the soil."

Governor Hadley called attention to the "Country Life Commission," which was appointed to investigate the condition of the rural life of the country that it might be learned what was necessary to check the flow of the rural population to the cities. The Commission recommended the improvement of the social life of the country.

After having made a personal investigation of the conditions of the rural districts, Gov. Hadley is certain that the report of that Commission was exactly right.

"Then the great question is," the speaker said, "how to accomplish the betterment of these social conditions of rural life."

"The three influences that have done more than anything else to break down the isolation of the farm life are the rural telephone, the rural free delivery and the building of good roads."

"Missouri became the pioneer of the West," the Governor said, "but while her sons felled the trees and wrote the constitutions of other states, they neglected their own."

He told the audience that scarcely one-half of the soil of our state has ever been touched by the ploughshare, and that all the notoriety that Missouri has gained as an agricultural state has been gained by the use of little more than one-half of the soil. He says that with the proper drainage facilities the timber lands of the Ozarks would compare favorably with any other land for agricultural purposes.

In speaking of the good roads problem Mr. Hadley said that in past years the extent to which the roads of Missouri have been neglected has been a disgrace but that in the last five years our state has done more than any other state, with the exception of two, in the improvement of the public roads.

The importance of transportation can't be overestimated, the speaker thinks. In fact it is the most important question of commerce, for upon the success of the transportation of the product depends the success of that product in the market. It is the controlling influence of the success or failure of every business enterprise. The most important transportation is along the country roads because it is there that the raw materials are first carried and the success of the finished article depends upon the success of the raw material.

"Why not let Missouri be a pioneer in the solution of these great problems which confront the nation?" asked the Governor in closing.

souri have been neglected has been a disgrace but that in the last five years our state has done more than any other state, with the exception of two, in the improvement of the public roads.

The importance of transportation can't be overestimated, the speaker thinks. In fact it is the most important question of commerce, for upon the success of the transportation of the product depends the success of that product in the market. It is the controlling influence of the success or failure of every business enterprise. The most important transportation is along the country roads because it is there that the raw materials are first carried and the success of the finished article depends upon the success of the raw material.

"Why not let Missouri be a pioneer in the solution of these great problems which confront the nation?" asked the Governor in closing.

MONEY IN ONION GROWING

How Farmer Put Piece of Heavy Soil to Profitable Culture.

On an article in the current issue of Farm and Fireside on "Onions, a Money Crop," the writer says in part: "I had a piece of heavy muck soil which had been used several seasons as a garden. I decided to plant an acre of it to onions. I sold 780 bushels from that acre at 80 cents per bushel, receiving a check for \$624 for the lot. The cost of growing the crop was \$60 including cost of seed and fertilizer. Greatest cost was cost of cultivation. Cost of cultivation would vary somewhat according to the season, as a wet one would grow more weeds. Much labor is required, but none of a skilled character, a child could do it. The variety which I grew was the Yellow Globe Danvers. They yield heavily and are in favor on the market. They have a rich flavor and good keeping qualities. The bulbs were large and about all of a uniform size, thus being an attractive product such as buyers like. I attribute the largest part of my success with this crop to good seed, heavy fertilizing and thorough and frequent cultivation."

GAIN 15,000 FOREIGNERS.

Germans Decrease 22,000, But Russians and Italians Show Gain in State.

A preliminary statement giving the distribution of the foreign-born white population according to country of birth, for Missouri and St. Louis and Kansas City, as shown by the returns of the Thirteenth Decennial Census, taken as of April 15, 1910, with comparative figures for 1900, was issued by Director Durand of the Bureau of Census, Department of Commerce and Labor. The statistics were prepared under the direction of William C. Hunt, chief statistician for population in the Census Bureau, and are subject to revision. The figures in this statement refer to country of birth only; the statistics regarding mother tongue are in process of tabulation but will not be available for some time yet.

A total of 228,896 foreign-born whites is shown for Missouri in 1910, compared with 215,775 in 1900. The table for the state is as follows:

Country	1910	1900
Austria	16,546	8,274
Belgium	998	864
Bulgaria	351	
Canada-French	779	1,049
Canada-Other	7,164	7,510
Denmark	1,729	1,509
England	13,749	15,658
France	2,790	3,287
Germany	88,138	110,753
Greece	2,788	66
Holland	988	812
Hungary	11,607	902
Ireland	23,289	31,820
Italy	12,974	4,343
Mexico	1,412	137
Norway	660	630
Roumania	1,524	115
Russia	21,490	8,339
Scotland	3,646	3,877
Sweden	5,650	5,691
Switzerland	6,142	6,818
Turkey in Asia	1,088	
Turkey in Europe	927	88
Wales	1,218	1,613
Born at Sea	245	328
Other countries, not specified	1,544	1,383

St. Louis shows a foreign born population of 124,706 in 1910, compared with 110,966 in 1900, while Kansas City shows 25,327 in 1910 to 18,287 in 1900.

Going to Chicago.

Edward Hughes of Savannah, who has been attending the State Normal, returned home Wednesday evening. He will leave next week for Chicago to attend the University.

AN ANNUAL AFFAIR

COMMUNITY LIFE CONFERENCE PERMANENT INSTITUTION.

ORGANIZATION FORMED

Officers Elected to Have Charge of Future Meetings—The Decorations Were a Work of Art.

Judging from the immense amount of interest aroused by the first Rural Community Life Conference which was held Thursday under the auspices of the Northwest Normal, it is quite safe to say that the Conference will be made an annual affair. A large amount of the success of the meeting is due to the efforts of Dr. H. K. Taylor, who instituted the movement and arranged the entire program. In a business meeting which followed the afternoon program, the following officers were elected:

President, Mr. R. T. Forbes, president of First National bank of St. Joseph; secretary, Mr. W. S. Wells, of Platte City. A committee on resolutions, composed of Wm. Oakerson of Maryville, chairman, and L. C. Miller of Maryville, and Judge O. P. Williams of Plattsburg were appointed. They drew up the following resolutions which were read at the conclusion of Governor Hadley's address:

Whereas, the first meeting of the Rural Community Life Conference was held in Maryville, Mo., June 5, 1912, and believing such a movement to be of much value for rural improvement:

Therefore, be it resolved: That we heartily endorse such meetings and recommend that an annual meeting be held for the purpose of improving rural life.

That we cordially thank Gov. Herbert S. Hadley, Hon. R. T. Forbes, Supt. A. E. Hall, Mrs. Sarah Huftalin, Hon. S. M. Jordan, Prof. J. H. Miller, Mrs. W. G. Cooper, and Dr. Daniel Morton for their interesting and instructive addresses.

That we thank the musicians and all others who assisted in making the program a success.

That we thank Pres. H. K. Taylor for instituting and arranging such a successful conference.

W. M. OAKERSON, Chairman.
O. P. WILLIAMS,
L. C. MILLER.

A few words of commendation are due the committee on decoration who had charge of the decoration of the auditorium stage. The outer edge of the platform was fringed with ferns and across the front of the stage at the top was an immense welcome sign made of evergreen. Just before the introduction of the governor a large wreath of evergreen upon which a letter "H" was worked in white flowers, was hoisted clear to the top of the stage front. Miss Day of the Normal art department had charge of the decoration.

Hopkins People Will Buy Autos.

Those in a position to know say that more automobiles will be sold in Hopkins this summer than have been sold in all previous years put together. It is really wonderful how many cars are being sold throughout the country.

Twelve years ago there were not more than 3,000 motor vehicles in use in America, now there are more than 652,461, these being the registration figures closing the month of April. During the year 1911 the daily production of pleasure motor cars reached the surprising figure of 709 a day and the men who are doing the building of these cars predict a much greater production for this year—Hopkins Journal.

To University Commencement.

Miss Frances Smith left Thursday morning for Columbia, Mo., to attend the commencement of the State University, of which she is a graduate. She will be the guest of Miss Winifred Remley, who has visited her a number of times. Miss Smith will go to Clarksville, before her return, to visit another former University classmate, Miss Lela Howett.

Mrs. Mabel Harmon and little daughter, Clara, of Winona, Ill., arrived Wednesday evening on a visit to Mrs. Harmon's brother and sister, Carl Murray and Mrs. Jesse Fisher, and their families.

News of Society and Womens' Clubs

Wednesday Evening Guests.

Miss Edna Bonewitz entertained at six o'clock dinner Wednesday evening. Her guests were Miss Zelma Pistole and Mr. Oscar Mutti and Mr. Cecil Appleton of Hopkins.

"Shower" for Miss Custer.

Mrs. Frank L. Garrett will give a miscellaneous shower Saturday evening for Miss Georgia Custer, daughter of Mr. and Mrs. George Custer of this city, who will be married on June 18 to Mr. Carl E. Wyckoff of Kansas City.

Arch Martin Married.

In the parlors of the St. Charles hotel in St. Joseph last Sunday evening at 5 o'clock, occurred the marriage of Mr. Arch Davidson Martin, of Hopkins, to Miss Chloe Mae Head, of Union Star, Mo.

The bride is the accomplished daughter of Col. Commodore Head, one of the wealthy farmers of the Union Star vicinity, while the groom is a son of Mrs. John L. Downer, of Hopkins, and is too well known to our readers to need any introduction. He has grown to manhood among us, being a young man of good ability as well as good habits and everybody here is his friend.

The young couple first became acquainted with each other a year or so ago while students at the Maryville State Normal and the acquaintance soon grew into love and as just stated, terminated most happily.

Mr. and Mrs. Martin are now at the home of the bride where they will visit a few days before coming to Hopkins on a visit. The couple has not fully decided where they will make their home but it is the intention of the groom to either go into business or buy and move onto a farm and the Journal hopes they will decide to locate in Hopkins.—Hopkins Journal.

They Were All Surprised.

The children of Mrs. George C. Conrad gave her a surprise birthday dinner Thursday in celebration of her sixtieth anniversary. Mr. and Mrs. Conrad were expecting their daughter, Mrs. J. E. Williams and her family of Sugar City, Colo., to arrive Thursday for their annual visit, but they came Wednesday night and went to the home of Mrs. Williams' sister, Mrs. Edward C. Curfman, where the family reunion was held on Thursday. Mr. and Mrs. Conrad did not know of the arrival of their daughter until this forenoon, when one of Mrs. Williams' little sons became so anxious to see Grandpa and Grandma that he went over to see them and tell them to come over to dinner. He also told of his new two months old baby brother, Frederick, of whom no one knew until their arrival—a surprise to everybody. Before dinner Mr. Conrad took all his grandchildren out for a joy ride and it was hard to tell who of the riders was the happiest. The dinner party included Mr. and Mrs. Conrad and their children: Mr. and Mrs. Edward C. Curfman and their four little daughters, Laura, Helen, Mary Ruth and Gertrude; Mrs. J. E. Williams and children, Jessiemye, Vernon, George and Frederick; and Mrs. Lulu Blackman and son, Conrad, and Miss Aloa Jenkins, of Omaha, who is a guest at the Conrad home.

Governor Was Their Guest.

Governor Herbert S. Hadley of Missouri was the guest of Mr. W. C. Pierce at his home Wednesday night and Thursday morning for breakfast. The other breakfast guests were Mr. W. F. Rankin of Tarkio and Mr. J. S. Winabarger and Mr. Horace F. Leet of this city. At 8:30 Governor Hadley left with three automobile parties for Tarkio, where he delivered the commencement address to the graduating class of Tarkio college Thursday afternoon. Those accompanying the governor were Messrs. W. C. Pierce, W. F. Rankin, W. F. Phares, J. F. Hull, Professor C. A. Hawkins, Geo. Robb Ellison, George L. Willey, H. L. Raines, Fred Bellows, Carl Murray, and Charles Martin.

Gov. Hadley was the guest of President H. K. Taylor at a 6 o'clock dinner at the Linville Wednesday evening. The banqueters were: Gov. Hadley, W. C. Pierce, Joseph Jackson Sr., Jas. B. Robinson, George B. Baker, George L. Willey, James Todd, J. F. Hull, Beal Roseberry, Dean George H. Colbert, Prof. Ira Richardson, Prof. T. H. Cook, Prof. John H. Cameron, Prof. E. L. Harrington, Mayor Arthur Robey, Dr. Vilas Martin, Prof. V. I. Moore, Prof. H. P. Swinehart, Prof. (Continued on Page 2)

MEN OF HOPKINS ORGANIZE.

Class in Bible Study and Social Enjoyment in Presbyterian Church Has Forty-Five Charter Members

An organization to be known as the Mens' Brotherhood of the First Presbyterian Church of Hopkins, was perfected Tuesday night with forty-five charter members. There were several numbers by the orchestra during the evening and after the work of the evening was completed a luncheon was served in the church parlors by the Ladies Aid Society.

Dr. A. P. Walton, pastor of the church, announced the object of the organization as Bible study and social improvement, and gave the outline of study. The following officers were elected: C. E. Donlin, president; O. L. Mutti, vice president; H. C. Clutter, secretary and treasurer. A committee to draft resolutions and by-laws was also appointed, consisting of S. E. Browne, A. P. Walton and Ed Northover.

The next meeting will be held June 21. The charter members of the Brotherhood are: C. L. Adams, C. E. Donlin, Sargent Nash, A. P. Walton, Lawrence Sargent, W. S. Miles, W. L. and J. F. Robb, Dr. Charles Kirk, Dr. Sargent, John Akin, Ed Northover, Fred Davis, W. R. Graham, Fred Woodriddle, Dr. Henson, J. L. Downer, A. Owens, John Dooley, E. C. Wolfers Sr., Alva Burnet, S. E. and Sam Browne, Riley Williams, Arthur McMaster, Frank Sargent, Charley Miller, C. G. Fitch, Al Mutti, Ed Brown, Dee Jackson, Ed Appleton, Oscar Mutti, Cecil Appleton, Harry Clutter, F. B. Monroe, John Noles, W. J. Wilkinson, A. F. Beinert, Art Yager, James L. John, Richard and Geo. Hepburn.

IS A FINE VOCALIST.

Mrs. J. W. McMillan of Kansas City New Acquisition to Maryville Music Circles.

Mrs. J. W. McMillan of Kansas City arrived in Maryville Monday to make her home here for the summer with Mr. McMillan, who has been in the city several weeks in the insurance business and will remain until fall. They have taken apartments in the Borrsch flats on West Third street.

Mrs. McMillan who is a woman of charming personality, is an accomplished vocalist and makes a specialty of vocal instruction. She has taught for several years in Kansas City and New York. Before beginning her work as a teacher Mrs. McMillan studied with Silas R. Mills of Boston, Frances Fisher Powers of New York and Madam Ava Lanko of Germany. She uses the best methods of the German, Italian and French and American schools and is a most successful teacher.

Mrs. F. P. Robinson, Miss Litta Roelfson and Miss Myrtle Sheldon of this city will study with Mrs. McMillan.

BAND CONCERT TONIGHT

Program Will Be Presented From the Balcony of the Elks Club.

The weekly band concert by the Maryville Concert Band under the direction of Prof. L. V. Lawler, will be given this evening at 8 o'clock in the balcony of the Elks' Club.

Director Lawler submits the following program:

A GLORIOUS FOURTH

BIG CELEBRATION PLANNED BY OWLS AND WOODMEN OF WORLD

THE OLD FASHIONED KIND

Officers Elected and Committee Appointed to Arrange for Celebrating Natal Holiday.

From the business-like manner in which the Owls and Woodmen are going about to arrange for the Fourth of July celebration it looks as though there was going to be "some doings" here on the 136th anniversary of the signing of the Declaration of Independence. At a meeting of the two committees from the two lodges Wednesday night, the following officers and committees were appointed for the occasion:

President, Berney Harris.
Secretary, H. A. Turner.
Treasurer, Frank Bolen.
Committee on Finance and Soliciting, Berney Harris, Clyde Avitt, Roy Martin and A. S. Robey.
Committee on Speakers, W. E. Wiles.
Committee on Stands and Privileges, M. A. Turner.
Barbecue Committee, Martin Borrsch, Dr. Moeling, Frank Bolen and Roy Murray.
Committee on Publicity, M. A. Turner, Bert Luppold, L. M. Schumacher and Frank Murray.

An effort will be made to secure Normal park for the occasion, and it is expected that several speakers of note will be here.

While the celebration is being planned by the two organizations mentioned, it is intended to be a public occasion and everyone is invited to attend and participate.

Traveling in Their Car.
Mr. and Mrs. Frank Ridgeway arrived in Maryville Wednesday afternoon in their car from Glenwood, Iowa, and are the guests of Mrs. Ridgeway's sister, Mrs. Fred Kurtz, and Mr. Ridgeway's sister, Mrs. W. R. Smiley, and their families. They are on their way to Chanute, Kan., where Mr. Ridgeway is in the milling business.

Famous Astrologer and Clairvoyant Visits Maryville

Mr. W. R. Bernay of St. Louis, is for a Week at Fourth and Buchanan Streets.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travel, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating?

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every change in your life, possibly the very change that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are reduced to 50 cents and \$1.00 for Friday Saturday and Monday. After that \$1.00 and \$2.00. Everything strictly confidential.

Their Advertising Sale.

The parlors of the First Christian Church looked novel today in the new venture the ladies of the church are making with their "Advertising Sale." They have already established a fine reputation for bazaars and other nice affairs, but this is entirely different. They are running a regular department store and are carrying lines of groceries, dry goods, hardware and furniture, drugs and toilet articles, all from the best wholesale houses, and everything looks decidedly business-like. Mrs. J. R. Brink is in charge of the grocery department, with an excellent line of canned goods, foods, crackers, wafers, coffees and teas, and so on, and she is assisted by Mrs. C. J. Miller, Mrs. J. D. Frank and Mrs. R. L. McDougal. The dry goods is in charge of Mrs. James B. Robinson. There are many ready-to-wear things there for women and children, pretty laces and various trimmings, and other attractive things. Mrs. Robinson is assisted by Mrs. A. W. Hawkins, Mrs. M. G. Tate and Mrs. T. H. Cook. The hardware and furniture department is in charge of Mrs. George P. Wright, who is assisted by Mrs. J. D. Richey, Mrs. G. R. Roseberry and Mrs. Arch Frank. The drugs and toilet articles are in charge of Mrs. A. T. Fisher. Her assistants are Mrs. Edward Godsey, Mrs. W. O. Swinford, Mrs. J. S. Shinabargar and Mrs. G. E. Fleming. They have a regular drug store outfit. Refreshments are being served by Mrs. J. E. Melvin and Mrs. William Wallis, Sr., Thursday afternoon, and they will also serve this evening. On Friday Mrs. Frank Knabb and Mrs. Harve Booth will serve the refreshments. This sale will continue over until Friday evening and the ladies are expecting a large patronage.

UNMATCHABLE BARGAINS FOR FRIDAY'S SELLING

MISSOURI'S RED BOOK.

Facts and Figures of Interest to Missourians and Others.

We have received a copy of the Missouri Red Book by courtesy of Commissioner Austin W. Biggs, covering the data gathered and tabulated for the year 1910. The volume contains 748 pages, and the mechanical work compares favorably with any previous Report of the Department. It is divided into six parts—Labor, Surplus Products, Roads, Drainage, Manufacturing and State Department. The showing made under each of these heading or parts is interesting to every intelligent citizen of Missouri; and the facts and figures are so grouped that any information desired can be readily found. In addition to the handy and natural arrangement by topics, with table of contents, the book also contains an excellent general index.

The data assembled under labor organizations of Missouri, free State employment offices, convict labor, employers' liability and workmen's compensation are well worth a careful study by sociologists and all who may be interested in the progress and achievements of organized labor in this state.

The facts and figures shown under the subheads in part two—A Land of Diversified Plenty, Surplus Products, Counties described, with official figures on assessment and schools, followed by Department Bulletins and interesting newspaper clippings and miscellaneous information, taken together make up a valuable and most interesting feature of the book. The average citizen will probably find this the most interesting part of the volume.

Part Third will prove interesting to all who are directly or remotely interested in good roads. The chapter on construction and maintenance of dirt roads will appeal to the road overseers and to people who must, in the nature of things as they are, abide by dirt roads for many years. The six short chapters in this division are worthy of careful study. The progress of the good roads movement in this state depends largely upon the intelligent apprehension of the whole subject by the ordinary citizens, and we commend this part of the Red Book to all good citizens.

Part Fourth—Drainage—contains much of interest to large sections of the state. It is a practical presentation of the whole subject. Every farmer can afford to take the time to read

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

the chapters contained in this division.

Part Fifth is devoted to Missouri manufacturing, and makes a splendid showing for the state. The showing of \$47,893,818 in 1910 in excess of the figures for 1909, affords undeniable proof of the progress of manufacturing in Missouri. It shows that there were employed in the workshops and factories of the state in 1910, 181,630 males and 32,011 females, and the total products of these workers amounted to \$617,701,818, or an individual producing capacity in dollars of \$2,891.50. The figures and tables are clear and interesting. They tell the story. The tables show the manufacturing for each county and the larger cities separately, so that these tables are of interest to all citizens. The captains of industry will find the showing made for Missouri intensely interesting. Missouri is destined to take her proper place among the great manufacturing states. A chapter in this connection devoted to the public utilities of the state will prove interesting to all who may be interested in railroads, electric lines, telephones, light and water plants and street car service.

Part Sixth is made up of succinct and interesting statements of state departments, furnished by the following departments: Agriculture, Barbers, Banking, Beer Inspection, Building and Loans, Charities, Education, Fish, Food and Drugs, Health, Historical, Honey, Horticulture, Hotel, Insurance, Mines, Oils and Poultry. These contributions give a general statement of all the activities of these functions of state government and include practically everything of general interest to the people other than the work of the executive, state, auditing, treasury and judicial departments.

It may not be generally known that the law provides for the publication of only 3,000 copies of the Red Book annually, and if you want a copy you should get your request in at once, and a copy will be sent you prepaid—if the supply is not exhausted.

Visiting Old Friends.

Mrs. J. B. Henderson and her mother, Mrs. W. V. Norris, of Oelwein, Ia., arrived in Maryville Wednesday evening on a visit to old Maryville friends. They are now the guests of Mrs. W. W. Stilwalt. They were residents of Maryville until a year ago, when Mr. Henderson sold his interest in the then Henderson-Price Undertaking firm to Charles McNeal and bought a furniture and undertaking business at Oelwein. They are well pleased with their Iowa home.

Will Teach in Hopkins.

Miss Della Nash of Hopkins, came to Maryville Thursday morning and enrolled for study at the State Normal. Miss Nash taught in Colorado last year, but has just been chosen a teacher by the Hopkins board, where she has taught before. Miss Metta McAttee has resigned her position in the Hopkins schools and Miss Chloe Jeffers has been elected to that place. Miss Elizabeth Beeler of Sedalia has also been chosen to fill another vacancy.

WILL TEST NEW WAR EQUIPMENT

Two Thousand Trained Soldiers Play at War Game.

FINEST REGIMENT EVER KNOWN

Experiment at Dubuque May Revolutionize Whole Organization of U. S. Army—Many New Ideas Tried.

Dubuque, Ia., June 6.—With an imaginary hostile army just across the Mississippi river, either in Wisconsin or Illinois, Col. Getty and 2,000 soldiers of the United States army are encamped on a plateau south of the city of Dubuque.

It is a provisional or experimental army or regiment, brought together to test new equipment, means of transportation and other experiments. The first battalion came from Fort Snelling at St. Paul, Minn. Fort Brady of Chippewa, Mich., sent part of a battalion, while the rest of the battalion is made up of companies E, F and G of the fourth infantry of Fort Crook, Omaha. The third battalion came from the twenty-seventh infantry at Fort Sheridan, Chicago.

Test Machine Guns.

The three battalions make up what is said to be the largest and finest equipped regiment of regulars ever mobilized in the United States. Accompanying each battalion from Fort Snelling Fort Sheridan and Fort Crook, comes a platoon of machine guns, making a complete machine gun company of 66 men and six guns.

The mobilization of the troops at Dubuque is regarded by military men as one of the most important movements ever begun by the war department, and army officers throughout the service are watching with interest the outcome of the experiments that are to be made, not only with the use of motor car trucks in maintaining a line of communication with the base of supplies, but also the testing of other equipment that may revolutionize the whole organization of the United States army.

Discipline on War Basis.

Chief of this experimental work is the testing of the ability of the automobile truck to deliver the goods and replace the army mule as a means of transportation. The intention is to transport supplies between Dubuque and the regiment at all times by automobile trucks.

During the present week the troops will engage themselves as though going into actual warfare. They will have scouting parties out in all directions and camp orders will be as stringent as in actual warfare.

CANADIAN FARMERS IN TROUBLE

Story of Caterpillar Pest Reads Like Frontier Days in Kansas.

Ottawa, Ont., June 6.—A plague of caterpillars has struck the Ottawa and Gatineau valleys and the pests stalled three Canadian Pacific trains on the Gatineau line. Three locomotives were required to haul four passenger coaches to Chelsea through the mass of caterpillars. The train was stalled with its single engine. Then an engine was requisitioned from a work train, and with this added help no progress was made. Finally two other engines were sent for. The plague is at its worst at Alwin and Ironsides.

The caterpillars are destroying orchards and field crops, and Archbishop Bruchesi of Montreal has been appealed to. He has agreed to require all the clergy to ask their parishioners to destroy the pests.

Killed 8,000 Corporations.

Topeka, June 6.—The Kansas charter board "slaughtered" 8,000 Kansas corporations by canceling the charters and revoking the licenses to do business in Kansas. The 1911 legislature passed a law requiring all corporations to make annual reports to the secretary of state. All of these corporations that failed to report had their charters canceled.

Senator Nixon is Dead.

Washington, June 6.—United States Senator Nixon of Nevada died at 10 o'clock. He had been at the Episcopal Eye, Ear and Throat hospital since last Thursday, when an operation for nasal catarrh was performed. Spinal meningitis developed and the senator's condition soon became critical. For the last 24 hours his death had been momentarily expected.

Chambermaids Help Strikers.

New York, June 6.—Cheered by the fact that a few chambermaids have joined the movement, the striking waiters continued their fight for shorter hours, more pay and recognition of the union. Employers say the strike is losing ground and that many waiters are applying for their old positions. The strike leaders deny that.

Waggoner Again a Victim.

Atchison, Kan., June 6.—Balle P. Waggoner, general solicitor for the Missouri Pacific, is to undergo a fourth operation at a hospital in Rochester, Minn. He will go there in about four weeks.

GOVERNMENT SUES SHIPPING TRUST

Four Lines Operating Between U. S. and Brazil Named.

ABSOLUTE MONOPOLY CHARGED

Injunction is Sought to Restrain Unlawful Methods—Individual Owners Also Named as Defendants.

New York, June 6.—The government filed a civil anti-trust suit in the federal district court here against steamship interests alleged to have monopolized the transportation of passengers and freight between the United States and Brazil. Sweeping charges of granting rebates, fixing arbitrary and unreasonable rates and entering into conspiracies, combinations and agreements in violation of the Sherman law are made against the Prince Line, limited, the Hamburg lines and the proprietors of the Lamport and Holt line, covering a period of five years.

An interlocutory injunction is sought to restrain the steamship lines from continuing their alleged unlawful methods during the pendency of the suit.

Ship Owners Named.

The following are named in the bill as defendants: Prince Line, limited, James Knott of Newcastle-on-Tyne, England; Paul S. Gerhardt, Francis J. Zimmerman, Charles E. Gerhardt, Harry Connor of New York; Walter Holland, George Kelly, Arthur Cook, C. S. Jones of Liverpool. Owners of the Lamport & Holt line, Frederick T. Busk, Lorenzo Daniels, William Gein of New York. Hamburg-American Packet line and Hamburg-South American line, William G. Sichel, Paul Gotthel, Thomas A. Sparks, Wilhelm Voelkens, H. W. Stelkens, W. L. Walter, Robert H. Goodwin, H. Betts and Henry H. Garvin of New York.

The defendant lines, which are incorporated in Europe, make regular round trips between New York and Brazil and one way trips between Brazil and New Orleans and other American ports. Their monopoly of the business, the petition asserts, is complete, except for one small independent line and a small and decreasing number of tramp steamers plying at irregular intervals.

Regular Meetings Alleged.

Regular meetings of the defendants, known as the "London conference," it is alleged, have been held in London for the purpose of establishing arbitrary schedules of dates of sailing. Representatives of the defendants, it is added, have held weekly meetings in New York, known as the "New York conference," where freight rates have been fixed and in some instances preferential treatment authorized to particular shippers.

CLOSED "GENTLEMEN'S GAMES"

Denver Police Stop all Poker Playing, Including Alleged Swell Clubs.

Denver, June 6.—Forty-two poker games were closed in Denver upon orders of Felix O'Neill, the newly appointed chief of police. Organizations like the Gentlemen's Riding and Driving club and the Denver Motor club were told that they would be permitted no longer to play poker in their rooms.

Gamblers were told that they might as well get rid of their paraphernalia, as prosecution would follow upon the first violation.

Struck Salt, Gas and Coal.

Graham, Tex., June 6.—Judge R. F. Arnold of this city while boring for oil struck a great flow of high grade salt and it is now spouting out, mixed with water, at the rate of 10,000 pounds per hour, also a flow of gas which experts declare will prove to be in sufficient quantity to operate a big plant, thereby giving him fuel and power. The drillers also discovered a fine stratum of good coal and will drill further for that product. Judge Arnold is preparing to push development plans.

Contest for Colorado.

Denver, June 6.—A protesting delegation from Colorado to the Republican convention was elected by the progressives at a mass meeting here. Judge Ben Lindsey, mentioned prominently as Col. Roosevelt's running mate in the coming campaign, heads the delegation.

New Head for Midland College.

Atchison, Kan., June 6.—Dr. R. B. Peery, pastor of the First Lutheran church of Denver, was elected president of Midland college. Dr. Peery, who was a well known Chautauqua lecturer, succeeds Dr. M. F. Troell, now pastor of the First Lutheran church of Topeka.

Delay for Fowler Case.

Topeka, June 6.—It is possible that the million dollar damage suit of the Fowler Packing company against the Kaw Valley Drainage district will not be tried this month. Another judge may be asked to sit in the case and the time for the trial would have to be arranged to suit him.

RAIN MAKERS TRY FOR \$3,000 PRIZE

San Angelo, Texas Puts Up Money for Moisture.

DYNAMITE EXPERTS CONFIDENT

Experiments of Michigan Food Manufacturer Led Texas City to Make Effort Along Similar Lines.

San Angelo, Tex., June 6.—Rain-makers have wagered San Angelo \$3,000 that they can supply this vicinity with a 10-inch rain within the next three months. The city has put up \$3,000 and if the rainmakers make good their promise, they get the money; if they don't the city gets the money back. San Angelo has a rich agriculture and farming country, which frequently suffers from severe drought. If the section gets the 10-inch rain it will be worth nearer \$3,000,000 to the citizens.

Post Succeeded.

San Angelo watched with great interest the experiments of C. W. Post, the millionaire Battle Creek, Mich., food manufacturer, who by the use of dynamite produced several rains at Post City, a city he founded. Post claims his experiments were highly successful after the explosion of about a thousand pounds of dynamite. Rain began about six hours after the discharge, he says. The cost at Post City was about \$1,000 and Post expects to go into the rain making business on a more extensive scale.

But while Post City apparently got the rain it tried for, Wichita Falls, 114 miles northwest of Fort Worth, was doomed to disappointment. That city exploded 6,000 pounds of dynamite on Saturday, June 1, and has so far failed to get even a drop of rain, while oddly enough many towns around, as far south as Waco, received a severe drenching that very night. These towns wired their "thanks" for the rain to Wichita Falls.

Many States Interested.

San Angelo has engaged professional rainmakers of San Diego, Cal., to cover this territory with moisture and the men declare they are confident of making good.

The entire state, and many distant states are watching these experiments keenly, for if they should succeed in San Angelo, a great problem will be considered solved. If dynamite demonstrates it can bring rain in the majority of cases, a city or county or section can have its rain made to order. Moreover, the expense is extremely slight compared with the beneficial results.

WOMEN BOUGHT ALL THE BOOZE

Virginia Members of W. C. T. U. Spent \$240 for Liquors to Dump into Gutter.

Martinsburg, W. Va., June 6.—Several hundred gallons of beer and whisky were poured into the street here by members of the W. C. T. U.

The intoxicants, confiscated by county authorities at various times, were sold at public auction by the sheriff. The W. C. T. U. bought the lot for \$240 and then dumped it into the street.

RUMOR OF MAIL ORDER MERGER

Two Big Concerns Say Story Originated by Stock Market Interests—Both Deny Plans.

Chicago, June 6.—A report that Sears, Roebuck & Co., is again considering the absorption of the rival mail order house of Montgomery Ward & Co. was denied without qualification by both big concerns. George A. Thorne, secretary of Montgomery Ward & Co., attributed the story to persons interested in Sears, Roebuck & Co. from a stock market viewpoint.

Road Boosters Stuck in Mud.

Chillicothe, Mo., June 6.—Heavy rain mired 50 motor cars of the Hannibal-St. Joseph cross-state highway party between Bucklin and Breckenridge, Mo., and the good roads enthusiasts arrived here by train, car and buggy late at night. The motor party left Hannibal stopping for meetings at Callio, New Cambria and Bucklin.

Would Break Kansas's Will.

Manhattan, Kan., June 6.—Suit was brought by Almie Buckley, granddaughter of John Booth, to set aside the will by which Booth made bequests amounting to several thousand dollars to various churches and societies. The estate is valued at \$27,000. Miss Buckley, who is the only direct heir, was to receive \$5,000 under the will.

Dream Fire Alarm Fatal.

Chicago, June 6.—Attempting to slide down the brass pole in a fire engine house while asleep Lieut. Joseph T. Balak fell from the second floor of his quarters and was killed. There had been no alarm of fire and the circumstances indicate that the lieutenant, while asleep, dreamed that he was responding to a call of duty.

PLAN TO FORCE INTERVENTION

OROZCO TRYING TO SAVE REBELS FROM EXECUTION.

Arrest of Americans Believed Part of Plot to Provoke U. S. to Action.

El Paso, Tex., June 6.—A plan on the part of Gen. Orozco to provoke intervention on the part of the United States and thus save the rebels from capture and execution at the hands of the Mexican federalists, is seen in the complications growing out of the arrest in Juarez of Cruz Ortiz, an American, and four other men who claim to be United States citizens. They were seized by the rebels and sent to Chihuahua on a charge not made public.

The impression was given out they were being sent to Chihuahua for trial. Trial in such cases usually means death. It was also intimated they were accused of being spies employed by the federal forces.

When the rebels refused to release Ortiz on demand, claiming that he was a citizen of Mexico, telegrams were sent to senators and representatives at Washington, protesting against the action of the insurgents, who had agreed to liberate Ortiz for \$1,000 gold.

Pelix Martinez, recently Democratic leader in the race for the United States senate from New Mexico, and Winchester Cooley, an El Paso banker, signed affidavits declaring him an American citizen whose parents were born in New Mexico. When the rebels learned that those affidavits were presented to Consul Edwards in Juarez, they shipped Ortiz to Chihuahua.

Mayor Kelley thereupon telegraphed Gen. Orozco at Chihuahua protesting against the arrest and detention of Ortiz. It is a belief in El Paso that Orozco is trying to provoke intervention by the United States.

RAIN AND HAIL IN TWO STATES

Missouri and Kansas Get Great Downpour, With Much Wind—Damage Was Small.

Topeka, June 6.—Heavy rains in spots with hail and high wind visited Kansas. Heavy rains were reported between Dodge City and Newton, in a strip about 70 miles wide around Marysville and between Lawrence, Leavenworth and Kansas City.

The wind blew down some small outbuildings, broke limbs of trees and did other slight damage. Near Topeka the wind blew down several buildings and killed some farm stock.

St. Joseph, Mo., June 6.—A high wind, accompanying rain and hail, almost assumed proportions of a tornado in North St. Joseph. Considerable injury was done to fruit trees and berries by the hailstones, the largest that have fallen here in a number of years.

Sedalia, Mo., June 6.—The drought throughout this section was broken by a downpour of rain of more than an hour's duration, accompanied by a heavy hail. An inch of rain fell at Lamonte.

MAY IMPEACH JUDGE HANFORD

Representative Berger Aroused Over Case of Seattle Man Deprived of Citizenship.

Washington, June 6.—Encouraged by a letter from Attorney General Wickersham recommending re-opening of the case depriving Leonard Oleson of Seattle of citizenship because he was a Socialist, Representative Berger of Wisconsin declared his intention of urging impeachment proceedings against United States District Judge Hanford, who decided the issue.

Oleson's certificate of naturalization was cancelled by Judge Hanford on testimony that Oleson subscribed to the principles of the Socialist party.

To Test Kansas Road.

Quenemo, Kan., June 6.—The Commercial club of this city has arranged for a motor car ride over the new county road through Osage county Friday. The road extends from the Franklin county line to Lebo, a distance of 29 miles, and is a thoroughly modern dirt road. Friday night the Quenemo Commercial club will entertain the motorists here at a dinner.

Jersey Cost \$12,825.

Trenton, N. J., June 6.—It cost the Roosevelt campaign managers \$12,825 to win the primary fight in New Jersey last Tuesday. This is the amount certified to the clerk of Essex county by the progressive Republican committee. Most of the money was spent to finance Roosevelt's tour of the state.

New Trial for Socialist.

Washington, June 6.—President Taft and Attorney General Wickersham ordered federal officials at Seattle to grant a new trial to Leonard Oleson, whose citizenship papers were cancelled by Judge Hanford, at Seattle, because Oleson, a Socialist, attacked the constitution.

Bishop Luccock at Guthrie.

Guthrie, Ok., June 6.—Bishop Luccock of Kansas City delivered the baccalaureate address here to the graduates of the Methodist University of Oklahoma. All places of business closed from 9 o'clock until noon because of the exercises.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

BOOMS GOOD ROADS

GOVERNOR SAID IMPORTANCE CANNOT BE OVERESTIMATED

A VITAL FACTOR OF LIFE

Has a Direct Bearing on "High Cost of Living" and is Controlling Influence in Success of Business.

The first Rural Community Life Conference of Northwest Missouri was most auspiciously closed Thursday night by a magnificent address on Rural Community Life by Governor Herbert S. Hadley.

The spacious Normal auditorium, in which the Conference was held, was filled almost to overflowing to greet Missouri's executive.

The evening conference opened at 8:15 o'clock with three numbers by the Missouri Ladies' Military Band. The directress, Miss Alma Nash, cannot be too greatly commended for the excellent work of the musicians under her direction. Their first number, "Q. S. Claren" by McCash, was especially well rendered. As a closing number of this program the band played "Hail to the Chief" for the Governor.

Following the opening music, Mr. A. F. Hall of Crawfordsville, Indiana, gave an illustrated talk on Rural Consolidation. As on the occasion of his appearance in the morning, Supt. Hall gave a very enthusiastic account of the results of rural consolidation in Montgomery county, Indiana, of which county he is superintendent of schools.

The Normal Male Quartet sang a number after Mr. Hall's lecture but refused to respond to a hearty encore. Mrs. F. P. Robinson sang "All Things Bright are Thine" by Manners, in an excellent voice, after which President Taylor introduced Judge W. G. Hine of Savannah, vice-president of the Board of Regents of the Northwest Normal. Judge Hine introduced Governor Hadley, paying the speaker a fine tribute.

"What causes the high cost of living?" asked the speaker, and he answered that the combination of trusts, and the great increase in the supply of gold which decreases the purchasing power of the dollar are, in a large measure, responsible for the increase in the cost of living. The solving of this problem is the turning of more people to the oldest and most important occupation of them all, agriculture.

"There are two all-important phases in connection with the pursuit of agriculture," said the Governor. "How to keep the people on the farm, and how to get the best results from the soil."

Governor Hadley called attention to the "Country Life Commission," which was appointed to investigate the condition of the rural life of the country that it might be learned what was necessary to check the flow of the rural population to the cities. The Commission recommended the improvement of the social life of the country.

After having made a personal investigation of the conditions of the rural districts, Gov. Hadley is certain that the report of that Commission was exactly right.

"Then the great question is," the speaker said, "how to accomplish the betterment of these social conditions of rural life."

"The three influences that have done more than anything else to break down the isolation of the farm life are the rural telephone, the rural free delivery and the building of good roads."

"Missouri became the pioneer of the West," the Governor said, "but while her sons felled the trees and wrote the constitutions of other states, they neglected their own."

He told the audience that scarcely one-half of the soil of our state has ever been touched by the plowshare, and that all the notoriety that Missouri has gained as an agricultural state has been gained by the use of little more than one-half of the soil. He says that with the proper drainage facilities the timber lands of the Ozarks would compare favorably with any other land for agricultural purposes.

In speaking of the good roads problem Mr. Hadley said that in past years the extent to which the roads of Mis-

souri have been neglected has been a disgrace but that in the last five years our state has done more than any other state, with the exception of two, in the improvement of the public roads.

The importance of transportation can't be overestimated, the speaker thinks. In fact it is the most important question of commerce, for upon the success of the transportation of the product depends the success of that product in the market. It is the controlling influence of the success or failure of every business enterprise. The most important transportation is along the country roads because it is there that the raw materials are first carried and the success of the finished article depends upon the success of the raw material.

"Why not let Missouri be a pioneer in the solution of these great problems which confront the nation?" asked the Governor in closing.

MONEY IN ONION GROWING

How Farmer Put Piece of Heavy Soil to Profitable Culture.

On an article in the current issue of Farm and Fireside on "Onions, a Money Crop," the writer says in part:

"I had a piece of heavy muck soil which had been used several seasons as a garden. I decided to plant an acre of it to onions. I sold 700 bushels from that acre at 80 cents per bushel, receiving a check for \$560 for the lot. The cost of growing the crop was \$60 including cost of seed and fertilizer. Greatest cost was cost of cultivation. Cost of cultivation would vary somewhat according to the season, as a wet one would grow more weeds. Much labor is required, but none of a skilled character, a child could do it. The variety which I grew was the Yellow Globe Danvers. They yield heavily and are in favor on the market. They have a rich flavor and good keeping qualities. The bulbs were large and about all of a uniform size, thus being an attractive product such as buyers like. I attribute the largest part of my success with this crop to good seed, heavy fertilizing and thorough and frequent cultivation."

GAIN 13,000 FOREIGNERS.

Germans Decrease 22,000, But Russians and Italians Show Gain in State.

A preliminary statement giving the distribution of the foreign-born white population according to country of birth, for Missouri and St. Louis and Kansas City, as shown by the returns of the Thirtieth Decennial Census, taken as of April 15, 1910 with comparative figures for 1900, was issued by Director Durand of the Bureau of Census, Department of Commerce and Labor. The statistics were prepared under the direction of William C. Hunt, chief statistician for population in the Census Bureau, and are subject to revision. The figures in this statement refer to country of birth only; the statistics regarding mother tongue are in process of tabulation but will not be available for some time yet.

A total of 228,896 foreign-born whites is shown for Missouri in 1910, compared with 215,775 in 1900. The table for the state is as follows:

Country	1910	1900
Austria	16,546	8,274
Belgium	998	864
Bulgaria	351	
Canada-French	779	1,049
Canada-Other	7,164	7,510
Denmark	1,729	1,509
England	13,749	15,658
France	2,790	3,287
Germany	88,138	110,752
Greece	2,788	66
Holland	988	812
Hungary	11,607	902
Ireland	23,289	31,820
Italy	12,974	4,343
Mexico	1,412	137
Norway	660	630
Roumania	1,524	115
Russia	21,490	8,339
Scotland	3,646	3,877
Sweden	5,650	5,691
Switzerland	6,142	6,818
Turkey in Asia	1,088	
Turkey in Europe	327	88
Wales	1,218	1,613
Born at Sea	245	328
Other countries,		
not specified	1,544	1,383

St. Louis shows a foreign born population of 124,706 in 1910, compared with 110,966 in 1900, while Kansas City shows 25,327 in 1910 to 18,287 in 1900.

Going to Chicago.

Edward Hughes of Savannah, who has been attending the State Normal, returned home Wednesday evening. He will leave next week for Chicago to attend the University.

AN ANNUAL AFFAIR

COMMUNITY LIFE CONFERENCE PERMANENT INSTITUTION.

ORGANIZATION FORMED

Officers Elected to Have Charge of Future Meetings—The Decorations Were a Work of Art.

Judging from the immense amount of interest aroused by the first Rural Community Life Conference which was held Thursday under the auspices of the Northwest Normal, it is quite safe to say that the Conference will be made an annual affair. A large amount of the success of the meeting is due to the efforts of Dr. H. K. Taylor, who instituted the movement and arranged the entire program. In a business meeting which followed the afternoon program, the following officers were elected:

President, Mr. R. T. Forbes, president of First National bank of St. Joseph; secretary, Mr. W. S. Wells, of Platte City.

A committee on resolutions, composed of Wm. Oakerson of Maryville, chairman, and L. C. Miller of Maryville, and Judge O. P. Williams of Plattsburg were appointed. They drew up the following resolutions which were read at the conclusion of Governor Hadley's address:

Whereas, the first meeting of the Rural Community Life Conference was held in Maryville, Mo., June 5, 1912, and believing such a movement to be of much value for rural improvement:

Therefore, be it resolved: That we heartily endorse such meetings and recommend that an annual meeting be held for the purpose of improving rural life.

That we heartily endorse and appreciate the messages given us and believe that the messages will be productive of much good.

That we cordially thank Gov. Herbert S. Hadley, Hon. R. T. Forbes, Supt. A. E. Hall, Mrs. Sarah Huftalin, Hon. S. M. Jordan, Prof. J. H. Miller, Mrs. W. G. Cooper, and Dr. Daniel Morton for their interesting and instructive addresses.

That we thank the musicians and all others who assisted in making the program a success.

That we thank Pres. H. K. Taylor for instituting and arranging such a successful conference.

W. M. OAKERSON, Chairman.
O. P. WILLIAMS,
L. C. MILLER.

A few words of commendation are due the committee on decoration who had charge of the decoration of the auditorium stage. The outer edge of the platform was fringed with ferns and across the front of the stage at the top was an immense welcome sign made of evergreen. Just before the introduction of the governor a large wreath of evergreen upon which a letter "H" was worked in white flowers, was hoisted clear to the top of the stage front. Miss Day of the Normal art department had charge of the decoration.

Hopkins People Will Buy Autos.

Those in a position to know say that more automobiles will be sold in Hopkins this summer than have been sold in all previous years put together. It is really wonderful how many cars are being sold throughout the country.

Twelve years ago there were not more than 3,000 motor vehicles in use in America, now there are more than 652,461, these being the registration figures closing the month of April. During the year 1911 the daily production of pleasure motor cars reached the surprising figure of 700 a day and the men who are doing the building of these cars predict a much greater production for this year—Hopkins Journal.

To University Commencement.

Miss Frances Smith left Thursday morning for Columbia, Mo., to attend the commencement of the State University, of which she is a graduate. She will be the guest of Miss Winifred Remley, who has visited her a number of times. Miss Smith will go to Clarksville, before her return, to visit another former University classmate, Miss Lela Howett.

Mrs. Mabel Harmon and little daughter, Clara, of Winona, Ill., arrived Wednesday evening on a visit to Mrs. Harmon's brother and sister, Carl Murray and Mrs. Jesse Fisher, and their families.

News of Society and Womens' Clubs

Wednesday Evening Guests.

Miss Edna Bonewitz entertained at six o'clock dinner Wednesday evening. Her guests were Miss Zelma Pistole and Mr. Oscar Mutti and Mr. Cecil Appleton of Hopkins.

"Shower" for Miss Custer.

Mrs. Frank L. Garrett will give a miscellaneous shower Saturday evening for Miss Georgia Custer, daughter of Mr. and Mrs. George Custer of this city, who will be married on June 18 to Mr. Carl E. Wyckoff of Kansas City.

Arch Martin Married.

In the parlors of the St. Charles hotel in St. Joseph last Sunday evening at 5 o'clock, occurred the marriage of Mr. Arch Davidson Martin, of Hopkins, to Miss Chloe Mae Head, of Union Star, Mo.

The bride is the accomplished daughter of Col. Commodore Head, one of the wealthy farmers of the Union Star vicinity, while the groom is a son of Mrs. John L. Downer, of Hopkins, and is too well known to our readers to need any introduction. He has grown to manhood among us, being a young man of good ability as well as good habits and everybody here is his friend.

The young couple first became acquainted with each other a year or so ago while students at the Maryville State Normal and the acquaintance soon grew into love and as just stated, terminated most happily.

Mr. and Mrs. Martin are now at the home of the bride where they will visit a few days before coming to Hopkins on a visit. The couple has not fully decided where they will make their home but it is the intention of the groom to either go into business or buy and move onto a farm and the Journal hopes they will decide to locate in Hopkins.—Hopkins Journal.

They Were All Surprised.

The children of Mrs. George C. Conrad gave her a surprise birthday dinner Thursday in celebration of her sixtieth anniversary. Mr. and Mrs. Conrad were expecting their daughter, Mrs. J. E. Williams and her family of Sugar City, Colo., to arrive Thursday for their annual visit, but they came Wednesday night and went to the home of Mrs. Williams' sister, Mrs. Edward C. Curfman, where the family reunion was held on Thursday. Mr. and Mrs. Conrad did not know of the arrival of their daughter until this forenoon, when one of Mrs. Williams' little sons became so anxious to see Grandpa and Grandma that he went over to see them and tell them to come over to dinner. He also told of his new two months old baby brother, Frederick, of whom no one knew until their arrival—a surprise to everybody. Before dinner Mr. Conrad took all his grandchildren out for a joy ride and it was hard to tell who of the riders was the happiest. The dinner party included Mr. and Mrs. Conrad and their children: Mr. and Mrs. Edward C. Curfman and their four little daughters, Laura, Helen, Mary Ruth and Gertrude; Mrs. J. E. Williams and children, Jessiemyne, Vernon, George and Frederick, and Mrs. Lulu Blackman and son, Conrad, and Miss Aloa Jenkins, of Omaha, who is a guest at the Conrad home.

Governor Was Their Guest.

Governor Herbert S. Hadley of Missouri was the guest of Mr. W. C. Pierce at his home Wednesday night and Thursday morning for breakfast. The other breakfast guests were Mr. W. F. Rankin of Tarkio and Mr. J. S. Shinabargar and Mr. Horace F. Leet of this city. At 8:30 Governor Hadley left with three automobile parties for Tarkio, where he delivered the commencement address to the graduating class of Tarkio college Thursday afternoon. Those accompanying the governor were Messrs. W. C. Pierce, W. F. Rankin, W. F. Phares, J. F. Hull, Professor C. A. Hawkins, Geo. Robb Ellison, George L. Willey, H. L. Raines, Fred Bellows, Carl Murray, and Charles Martin.

Gov. Hadley was the guest of President H. K. Taylor at a 6 o'clock dinner at the Linville Wednesday evening. The banqueters were: Gov. Hadley, W. C. Pierce, Joseph Jackson Sr., Jas. B. Robinson, George B. Baker, George L. Willey, James Todd, J. F. Hull, Earl Roseberry, Dean George H. Colbert, Prof. Ira Richardson, Prof. T. H. Cook, Prof. John H. Cameron, Prof. E. L. Harrington, Mayor Arthur Robey, Dr. Vilas Martin, Prof. V. I. Moore, Prof. H. P. Swinehart, Prof.

(Continued on Page 2)

MEN OF HOPKINS ORGANIZE.

Class in Bible Study and Social Enjoyment in Presbyterian Church Has Forty-Five Charter Members

An organization to be known as the Mens' Brotherhood of the First Presbyterian Church of Hopkins, was perfected Tuesday night with forty-five charter members. There were several numbers by the orchestra during the evening and after the work of the evening was completed a luncheon was served in the church parlors by the Ladies Aid Society.

Dr. A. P. Walton, pastor of the church, announced the object of the organization as Bible study and social improvement, and gave the outline of study. The following officers were elected: C. E. Donlin, president; O. L. Mutti, vice president; H. C. Clutter, secretary and treasurer. A committee to draft resolutions and by-laws was also appointed, consisting of S. E. Browne, A. P. Walton and Ed Northover.

The next meeting will be held June 21. The charter members of the Brotherhood are: C. L. Adams, C. E. Donlin, Sargent Nash, A. P. Walton, Lawrence Sargent, W. S. Miles, W. L. and J. F. Robb, Dr. Charles Kirk, Dr. Sargent, John Akin, Ed Northover, Fred Davis, W. R. Graham, Fred Woodridge, Dr. Henson, J. L. Downer, A. Owens, John Dooley, E. C. Wolfers Sr., Alva Burnet, S. E. and Sam Browne, Riley Williams, Arthur McMaster, Frank Sargent, Charley Miller, C. G. Fitch, Al Mutti, Ed Brown, Dee Jackson, Ed Appleton, Oscar Mutti, Cecil Appleton, Harry Clutter, F. B. Monroe, John Niles, W. J. Wilkinson, A. F. Beinert, Art Yager, James L. John, Richard and Geo. Hepburn.

IS A FINE VOCALIST.

Mrs. J. W. McMillan of Kansas City New Acquisition to Maryville Music Circles.

Mrs. J. W. McMillan of Kansas City arrived in Maryville Monday to make her home here for the summer with Mr. McMillan, who has been in the city several weeks in the insurance business and will remain until fall. They have taken apartments in the Borrsch flats on West Third street.

Mrs. McMillan who is a woman of charming personality, is an accomplished vocalist and makes a specialty of vocal instruction. She has taught for several years in Kansas City and New York. Before beginning her work as a teacher Mrs. McMillan studied with Silas R. Mills of Boston, Frances Fisher Powers of New York and Madam Ava Lanko of Germany. She uses the best methods of the German, Italian and French and American schools and is a most successful teacher.

Mrs. F. P. Robinson, Miss Litta Roelfson and Miss Myrtle Sheldon of this city will study with Mrs. McMillan.

BAND CONCERT TONIGHT

Program Will Be Presented From the Balcony of the Elks Club.

The weekly band concert by the Maryville Concert Band under the direction of Prof. L. V. Lawler, will be given this evening at 8 o'clock in the balcony of the Elks Club.

Director Lawler submits the following program:

March—Battle Royal, ...Jewell
Selection—Harris Hits, ...
.....Chas. K. Harris
Indian Intermezzo—San Dance, ...
.....Friedman
Descriptive—Uncle Tom's Cabin, ...
.....Lampe

Grand Selection—Superba, ...
.....Arranged by Dalbey
Medley March—Honey Man, ...
.....Piantadosi

Overture—Templewih, ...
.....Kala-Bela
March—National Emblem, ...Bagley

County Teachers' Exams.

County Supt. W. M. Oakerson, assisted by Mrs. O. C. Hanna, Prof. A. H. Cooper, and Prof. C. A. Hawkins, will conduct the teachers' examination on Friday, June 7. The Nodaway county teachers will take their exams at the Maryville Business College while the teachers from other counties will write at the Washington school.

Miss Maggie Hughes of St. Joseph, who has been visiting her grandmother, Mrs. Sorena Cook, of East Jenkins street, returned home Thursday morning.

THE WEATHER

Fair tonight and Friday.

Latest Post Cards 1 cent each at Crane's

A GLORIOUS FOURTH

BIG CELEBRATION PLANNED BY OWLS AND WOODMEN OF WORLD

THE OLD FASHIONED KIND

Officers Elected and Committee Appointed to Arrange for Celebrating Natal Holiday.

From the business-like manner in which the Owls and Woodmen are going about to arrange for the Fourth of July celebration it looks as though there was going to be "some doing" here on the 136th anniversary of the signing of the Declaration of Independence. At a meeting of the two committees from the two lodges Wednesday night, the following officers and committees were appointed for the occasion:

President, Berney Harris.
Secretary, H. A. Turner.
Treasurer, Frank Bolen.
Committee on Finance and Soliciting, Berney Harris, Clyde Avitt, Roy Martin and A. S. Robey.
Committee on Speakers, W. E. Wiles.

Committee on Stands and Privileges, M. A. Turner.
Barbecue Committee, Martin Borrsch, Dr. Mozingo, Frank Bolen and Roy Martin.

Committee on Publicity, M. A. Turner, Bert Luppold, L. A. Schumacher and Frank Murray.

An effort will be made to secure Normal park for the occasion, and it is expected that several speakers of note will be here.

While the celebration is being planned by the two organizations mentioned, it is intended to be a public occasion and everyone is invited to attend and participate.

Traveling in Their Car.

Mr. and Mrs. Frank Ridgeway arrived in Maryville Wednesday afternoon in their car from Glenwood, Iowa, and are the guests of Mrs. Ridgeway's sister, Mrs. Fred Kurtz, and Mr. Ridgeway's sister, Mrs. W. R. Smiley, and their families. They are on their way to Chanute, Kan., where Mr. Ridgeway is in the milling business.

Famous Astrologer and Clairvoyant Visits Maryville

Mr. W. R. Bernay of St. Louis, is for a Week at Fourth and Buchanan Streets.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travel, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating?

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are reduced to 50 cents and \$1.00 for Friday Saturday and Monday. After that \$1.00 and \$2.00. Everything strictly confidential.

tion for sheriff of Nodaway county
subject to the decision of the August
primary.

Will Observe Children's Day.

The Mt. Pleasant M. E. Sunday
school, northwest of Pickering, will
observe Children's Day on next Sun-
day. Sunday school will begin promp-
tly at 10 a. m. Dr. W. R. Christy of
Maryville will preach at 11 o'clock
and the children will give their pro-
gram in the evening. The Sunday
school has grown from 23 to 44 in
attendance since re-organization in
April, but there is room for many
more. Come and enjoy these services
with us.

Brought Son to School.

Mrs. J. W. Wyncoop of Bolekow re-
turned home Wednesday evening, hav-
ing placed her son, Master LaVern
Leavitt, in the Maryville Business Col-
lege that day.

Their Advertising Sale.

The parlors of the First Christian
Church looked novel today in the new
venture the ladies of the church
are making with their "Advertising
Sale." They have already established
a fine reputation for bazars and other
nice affairs, but this is entirely differ-
ent. They are running a regular de-
partment store and are carrying lines
of groceries, dry goods, hardware and
furniture, drugs and toilet articles, all
from the best wholesale houses, and
everything looks decidedly business-
like. Mrs. J. R. Brink is in charge of
the grocery department, with an ex-
cellent line of canned goods, foods,
crackers, wafers, coffees and teas, and
so on, and she is assisted by Mrs. C.
J. Miller, Mrs. J. D. Frank and Mrs.
R. L. McDougal. The dry goods is
in charge of Mrs. James B. Robinson.
There are many ready-to-wear things
there for women and children, pretty
laces and various trimmings, and other
attractive things. Mrs. Robinson
is assisted by Mrs. A. W. Hawkins,
Mrs. M. G. Tate and Mrs. T. H. Cook.
The hardware and furniture depart-
ment is in charge of Mrs. George P.
Wright, who is assisted by Mrs. J. D.
Richey, Mrs. G. R. Roseberry and Mrs.
Arch Frank. The drugs and toilet ar-
ticles are in charge of Mrs. A. T. Fish-
er. Her assistants are Mrs. Edward
Godsey, Mrs. W. O. Swinford, Mrs. J.
S. Shinabargar and Mrs. G. E. Flem-
ing. They have a regular drug store
outfit. Refreshments are being served
by Mrs. J. E. Melvin and Mrs. William
Wallis, Sr., Thursday afternoon, and
they will also serve this evening. On
Friday Mrs. Frank Knabb and Mrs.
Harve Booth will serve the refresh-
ments. This sale will continue over
until Friday evening and the ladies
are expecting a large patronage.

MISSOURI'S RED BOOK.

Facts and Figures of Interest to Mis-
sourians and Others.

We have received a copy of the Mis-
souri Red Book by courtesy of Com-
missioner Austin W. Biggs, covering
the data gathered and tabulated for
the year 1910. The volume contains
748 pages, and the mechanical work
compares favorably with any previous
Report of the Department. It is di-
vided into six parts—Labor, Surplus
Products, Roads, Drainage, Manufac-
turing and State Department. The
showing made under each of these
headings or parts is interesting to ev-
ery intelligent citizen of Missouri; and
the facts and figures are so grouped
that any information desired can be
readily found. In addition to the
handy and natural arrangement by
topics, with table of contents, the
book also contains an excellent general
index.

The data assembled under labor or-
ganizations of Missouri, free State
employment offices, convict labor, em-
ployers' liability and workmen's com-
pensation are well worth a careful
study by sociologists and all who
may be interested in the progress and
achievements of organized labor in
this state.

The facts and figures shown under
the subheads in part two—A Land of
Diversified Plenty, Surplus Products,
Counties described, with official fig-
ures on assessment and schools, fol-
lowed by Department Bulletins and
interesting newspaper clippings and
miscellaneous information, taken to-
gether make up a valuable and most
interesting feature of the book. The
average citizen will probably find this
the most interesting part of the vol-
ume.

Part Third will prove interesting to
all who are directly or remotely in-
terested in good roads. The chapter
on construction and maintenance of
dirt roads will appeal to the road over-
seers and to people who must, in the
nature of things as they are, abide by
dirt roads for many years. The six
short chapters in this division are
worthy of careful study. The progress
of the good roads movement in
this state depends largely upon the
intelligent apprehension of the whole
subject by the ordinary citizens, and
we commend this part of the Red
Book to all good citizens.

Part Fourth—Drainage — contains
much of interest to large sections of
the state. It is a practical presenta-
tion of the whole subject. Every farm-
er can afford to take the time to read

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Mar-
tin H. Borrusch of Polk township is a
candidate for the nomination of sheriff
of Nodaway county, subject to the de-
cision of the Republican voters at the
August primary.

the chapters contained in this division.

Part Fifth is devoted to Missouri
manufacturing, and makes a splendid
showing for the state. The showing
of \$47,893,818 in 1910 in excess of the
figures for 1909, affords undeniable
proof of the progress of manufactur-
ing in Missouri. It shows that there
were employed in the workshops and
factories of the state in 1910, 181,639
males and 32,011 females, and the to-
tal products of these workers amount-
ed to \$617,701,818, or an individual
producing capacity in dollars of \$2,-
891.50. The figures and tables are
clear and interesting. They tell the
story. The tables show the manufac-
turing for each county and the larger
cities separately, so that these tables
are of interest to all citizens. The
captains of industry will find the
showing made for Missouri intensely
interesting. Missouri is destined to
take her proper place among the great
manufacturing states. A chapter in
this connection devoted to the public
utilities of the state will prove inter-
esting to all who may be interested in
railroads, electric lines, telephones,
light and water plants and street car
service.

Part Sixth is made up of succinct
and interesting statements of state
departments, furnished by the follow-
ing departments: Agriculture, Bar-
bers, Banking, Beer Inspection, Build-
ing and Loans, Charities, Education,
Fish, Food and Drugs, Health, His-
torical, Honey, Horticulture, Hotel, In-
surance, Mines, Oils and Poultry.
These contributions give a general
statement of all the activities of these
functions of state government and in-
clude practically everything of general
interest to the people other than the
work of the executive, state, auditing,
treasury and judicial departments.

It may not be generally known that
the law provides for the publication
of only 3,000 copies of the Red Book
annually, and if you want a copy you
should get your request in at once,
and a copy will be sent you prepaid—
if the supply is not exhausted.

Visiting Old Friends.

Mrs. J. B. Henderson and her
mother, Mrs. W. V. Norris, of Oelwein,
Ia., arrived in Maryville Wednesday
evening on a visit to old Maryville
friends. They are now the guests of
Mrs. W. W. Stilwell. They were res-
idents of Maryville until a year ago,
when Mr. Henderson sold his interest
in the then Henderson-Price Under-
taking firm to Charles McNeal and
bought a furniture and undertaking
business at Oelwein. They are well
pleased with their Iowa home.

Will Teach in Hopkins.

Miss Della Nash of Hopkins, came to
Maryville Thursday morning and en-
rolled for study at the State Normal.
Miss Nash taught in Colorado last
year, but has just been chosen a
teacher by the Hopkins board, where
she has taught before. Miss Metta
McAtee has resigned her position in
the Hopkins schools and Miss Chloe
Jeffers has been elected to that place.
Miss Elizabeth Beeler of Sedalia has
also been chosen to fill another vac-
ancy.

WILL TEST NEW WAR EQUIPMENT

Two Thousand Trained Soldiers Play at War Game.

FINEST REGIMENT EVER KNOWN

Experiment at Dubuque May Revolutionize Whole Organization of U. S. Army—Many New Ideas Tried.

Dubuque, Ia., June 6.—With an imaginary hostile army just across the Mississippi river, either in Wisconsin or Illinois, Col. Geity and 2,000 soldiers of the United States army are encamped on a plateau south of the city of Dubuque.

It is a provisional or experimental army or regiment, brought together to test new equipment, means of transportation and other experiments. The first battalion came from Fort Snelling at St. Paul, Minn. Fort Brady of Chippewa, Mich., sent part of a battalion, while the rest of the battalion is made up of companies E, F and G of the fourth infantry of Fort Crook, Omaha. The third battalion came from the twenty-seventh infantry at Fort Sheridan, Chicago.

Test Machine Guns.

The three battalions make up what is said to be the largest and finest equipped regiment of regulars ever mobilized in the United States. Accompanying each battalion from Fort Snelling Fort Sheridan and Fort Crook, comes a platoon of machine guns, making a complete machine gun company of 66 men and six guns.

The mobilization of the troops at Dubuque is regarded by military men as one of the most important movements ever begun by the war department, and army officers throughout the service are watching with interest the outcome of the experiments that are to be made, not only with the use of motor car trucks in maintaining a line of communication with the base of supplies, but also the testing of other equipment that may revolutionize the whole organization of the United States army.

Discipline on War Basis.

Chief of this experimental work is the testing of the ability of the automobile truck to deliver the goods and replace the army mule as a means of transportation. The intention is to transport supplies between Dubuque and the regiment at all times by automobile trucks.

During the present week the troops will engage themselves as though going into actual warfare. They will have scouting parties out in all directions and camp orders will be as stringent as in actual warfare.

CANADIAN FARMERS IN TROUBLE

Story of Caterpillar Pest Reads Like Frontier Days in Kansas.

Ottawa, Ont., June 6.—A plague of caterpillars has struck the Ottawa and Gatineau valleys and the pests stalled three Canadian Pacific trains on the Gatineau line. Three locomotives were required to haul four passenger coaches to Chelsea through the mass of caterpillars. The train was stalled with its single engine. Then an engine was requisitioned from a work train, and with this added help no progress was made. Finally two other engines were sent for. The plague is at its worst at Alwin and Ironides.

The caterpillars are destroying orchards and field crops, and Archbishop Bruchesi of Montreal has been appealed to. He has agreed to require all the clergy to ask their parishioners to destroy the pests.

Killed 8,000 Corporations.

Topeka, June 6.—The Kansas charter board "slaughtered" 8,000 Kansas corporations by canceling the charters and revoking the licenses to do business in Kansas. The 1911 legislature passed a law requiring all corporations to make annual reports to the secretary of state. All of these corporations that failed to report had their charters canceled.

Senator Nixon is Dead.

Washington, June 6.—United States Senator Nixon of Nevada died at 10 o'clock. He had been at the Episcopal Eye, Ear and Throat Hospital since last Thursday, when an operation for nasal catarrh was performed. Spinal meningitis developed and the senator's condition soon became critical. For the last 24 hours his death had been momentarily expected.

Chambermaids Help Strikers.

New York, June 6.—Cheered by the fact that a few chambermaids have joined the movement, the striking waiters continued their fight for shorter hours, more pay and recognition of the union. Employers say the strike is losing ground and that many waiters are applying for their old positions. The strike leaders deny that.

Waggener Again a Victim.

Atchison, Kan., June 6.—Belle P. Waggener, general solicitor for the Missouri Pacific, is to undergo a fourth operation at a hospital in Rochester, Minn. He will go there in about four weeks.

GOVERNMENT SUES SHIPPING TRUST

Four Lines Operating Between U. S. and Brazil Named.

ABSOLUTE MONOPOLY CHARGED

Injunction is Sought to Restrain Unlawful Methods—Individual Owners Also Named as Defendants.

New York, June 6.—The government filed a civil anti-trust suit in the federal district court here against steamship interests alleged to have monopolized the transportation of passengers and freight between the United States and Brazil. Sweeping charges of granting rebates, fixing arbitrary and unreasonable rates and entering into conspiracies, combinations and agreements in violation of the Sherman law are made against the Prince line, limited, the Hamburg lines and the proprietors of the Lamport and Holt line, covering a period of five years.

An interlocutory injunction is sought to restrain the steamship lines from continuing their alleged unlawful methods during the pendency of the suit.

Ship Owners Named.

The following are named in the bill as defendants: Prince Line, limited, James Knott of Newcastle-on-Tyne, England; Paul S. Gerhardt, Francis J. Zimmerman, Charles E. Gerhardt, Harry Connor of New York; Walter Holland, George Kelly, Arthur Cook, C. S. Jones of Liverpool. Owners of the Lamport & Holt line, Frederick T. Busk, Lorenzo Daniels, William Geln of New York. Hamburg-American Packet line and Hamburg-South American line, William G. Sickel, Paul Gotthell, Thomas A. Sparks, Wilhelm Voelkens, H. W. Stelkens, W. L. Walter, Robert H. Goodwin, H. Betts and Henry H. Garvin of New York.

The defendant lines, which are incorporated in Europe, make regular round trips between New York and Brazil and one way trips between Brazil and New Orleans and other American ports. Their monopoly of the business, the petition asserts, is complete, except for one small independent line and a small and decreasing number of tramp steamers plying at irregular intervals.

Regular Meetings Alleged.

Regular meetings of the defendants, known as the "London conference," it is alleged, have been held in London for the purpose of establishing arbitrary schedules of dates of sailing. Representatives of the defendants, it is added, have held weekly meetings in New York, known as the "New York conference," where freight rates have been fixed and in some instances preferential treatment authorized to particular shippers.

CLOSED "GENTLEMEN'S GAMES"

Denver Police Stop all Poker Playing, Including Alleged Swell Clubs.

Denver, June 6.—Forty-two poker games were closed in Denver upon orders of Felix O'Neill, the newly appointed chief of police. Organizations like the Gentlemen's Riding and Driving club and the Denver Motor club were told that they would be permitted no longer to play poker in their rooms.

Gamblers were told that they might as well get rid of their paraphernalia, as prosecution would follow upon the first violation.

Struck Salt, Gas and Coal.

Graham, Tex., June 6.—Judge R. F. Arnold of this city while boring for oil struck a great flow of high grade salt and it is now spouting out, mixed with water, at the rate of 10,000 pounds per hour, also a flow of gas which experts declare will prove to be in sufficient quantity to operate a big plant, thereby giving him fuel and power. The drillers also discovered a fine stratum of good coal and will drill further for that product. Judge Arnold is preparing to push development plans.

Contest for Colorado.

Denver, June 6.—A protesting delegation from Colorado to the Republican convention was elected by the progressives at a mass meeting here. Judge Ben Lindsey, mentioned prominently as Col. Roosevelt's running mate in the coming campaign, heads the delegation.

New Head for Midland College.

Atchison, Kan., June 6.—Dr. R. B. Peery, pastor of the First Lutheran church of Denver, was elected president of Midland college. Dr. Peery, who was a well known Chautauqua lecturer, succeeds Dr. M. F. Troell, now pastor of the First Lutheran church of Topeka.

Delay for Fowler Case.

Topeka, June 6.—It is possible that the million dollar damage suit of the Fowler Packing company against the Kaw Valley Drainage district will not be tried this month. Another judge may be asked to sit in the case and the time for the trial would have to be arranged to suit him.

General Agent.

Made a Big Fuss.

One Max Stoltz, the Concepcion man was taken to the county poor house last Tuesday was under the impression that he was being taken to some sort of a medical institution for treatment but when he learned that he was living at the county farm he raised such a fuss and made things so uncomfortable for the rest of the inmates, that Superintendent Brummitt refused to keep him longer. Sheriff Tilson brought him to town Thursday afternoon and took him to the asylum at St. Joseph Thursday evening.

Mrs. Dole Hall Very Ill.

Mrs. Dole Hall, formerly Miss Eva Cordell, of east of Parnell, is lying very ill at her home in Guthrie, Okla., with little hopes of recovery.

Cattle—600. Market weak.	
Hogs—8,500. Market 5c higher; top, \$7.60.	
Sheep—1,000. Market weak.	

St. Louis Live Stock Market.
National Stock Yards, Ill., June 5.—
Cattle receipts, 3,000. No further

change transpired in the steer trade today. Cows and heifers however, sold 10 to 15c lower and very slow at the price. Present market will bear watching on medium stuff.

Hog receipts, 8,000. Trade about steady with yesterday's close but 5 to 10c lower than yesterday's average. Best hogs topped at \$7.65.

Sheep receipts, 3,500. The condition of the market unsatisfactory. Sheep sold 25c lower; springers 15 to 25c lower. A few sheep mixed with yearlings brought \$4.75, but \$4.50 bought most of the good light weights. Heavy kinds were thrown out at \$4.00 and less. Top springers \$9.10; bulk of the good kinds \$8.00 to \$8.75.

National Live Stock Commission Co.

Returned from Colorado.

S. J. Clary returned Wednesday from a two months' visit with his brother, Henry Clary, of Denver, Colo., and other Colorado points.

RAIN MAKERS TRY FOR \$3,000 PRIZE

San Angelo, Texas Puts Up Money for Moisture.

DYNAMITE EXPERTS CONFIDENT

Experiments of Michigan Food Manufacturer Led Texas City to Make Effort Along Similar Lines.

San Angelo, Tex., June 6.—Rain-makers have wagered San Angelo \$3,000 that they can supply this vicinity with a 10-inch rain within the next three months. The city has put up \$3,000 and if the rainmakers make good their promise, they get the money; if they don't the city gets the money back. San Angelo has a rich agriculture and farming country, which frequently suffers from severe drought. If the section gets the 10-inch rain it will be worth nearer \$3,000,000 to the citizens.

Post Succeeded.

San Angelo watched with great interest the experiments of C. W. Post, the millionaire Battle Creek, Mich., food manufacturer, who by the use of dynamite produced several rains at Post City, a city he founded. Post claims his experiments were highly successful after the explosion of about a thousand pounds of dynamite. Rain began about six hours after the discharge, he says. The cost at Post City was about \$1,000 and Post expects to go into the rain making business on a more extensive scale.

But while Post City apparently got the rain it tried for, Wichita Falls, 114 miles northwest of Fort Worth, was doomed to disappointment. That city exploded 6,000 pounds of dynamite on Saturday, June 1, and has so far failed to get even a drop of rain, while oddly enough many towns around, as far south as Waco, received a severe drenching that very night. These towns wired their "thanks" for the rain to Wichita Falls.

Many States Interested.

San Angelo has engaged professional rainmakers of San Diego, Cal., to cover this territory with moisture and the men declare they are confident of making good.

The entire state, and many distant states are watching these experiments keenly, for if they should succeed in San Angelo, a great problem will be considered solved. If dynamite demonstrates it can bring rain in the majority of cases, a city or county or section can have its rain made to order. Moreover, the expense is extremely slight compared with the beneficial results.

WOMEN BOUGHT ALL THE BOOZE

Virginia Members of W. C. T. U. Spent \$240 for Liquors to Dump into Gutter.

Martinsburg, W. Va., June 6.—Several hundred gallons of beer and whisky were poured into the street here by members of the W. C. T. U.

The intoxicants, confiscated by county authorities at various times, were sold at public auction by the sheriff. The W. C. T. U. bought the lot for \$240 and then dumped it into the street.

RUMOR OF MAIL ORDER MERGER

Two Big Concerns Say Story Originated by Stock Market Interests—Both Deny Plans.

Chicago, June 6.—A report that Sears, Roebuck & Co., is again considering the absorption of the rival mail order house of Montgomery Ward & Co. was denied without qualification by both big concerns. George A. Thorne, secretary of Montgomery Ward & Co., attributed the story to persons interested in Sears, Roebuck & Co. from a stock market viewpoint.

Road Boosters Stuck in Mud.

Chillicothe, Mo., June 6.—Heavy rain mired 50 motor cars of the Hannibal-St. Joseph cross-state highway party between Bucklin and Breckenridge, Mo., and the good roads enthusiasts arrived here by train, car and buggy late at night. The motor party left Hannibal stopping for meetings at Callio, New Cambria and Bucklin.

Would Break Kansan's Will.

Manhattan, Kan., June 6.—Suit was brought by Aimie Buckley, granddaughter of John Booth, to set aside the will by which Booth made bequests amounting to several thousand dollars to various churches and societies. The estate is valued at \$27,000. Miss Buckley, who is the only direct heir, was to receive \$5,000 under the will.

Dream Fire Alarm Fatal.

Chicago, June 6.—Attempting to slide down the brass pole in a fire engine house while asleep, Lieut. Joseph T. Balak fell from the second floor of his quarters and was killed. There had been no alarm of fire and the circumstances indicate that the lieutenant, while asleep, dreamed that he was responding to a call of duty.

PLAN TO FORCE INTERVENTION

OROZCO TRYING TO SAVE REBELS FROM EXECUTION.

Arrest of Americans Believed Part of Plot to Provoke U. S. to Action.

El Paso, Tex., June 6.—A plan on the part of Gen. Orozco to provoke intervention on the part of the United States and thus save the rebels from capture and execution at the hands of the Mexican federals, is seen in the complications growing out of the arrest in Juarez of Cruz Ortiz, an American, and four other men who claim to be United States citizens. They were seized by the rebels and sent to Chihuahua on a charge not made public.

The impression was given out they were being sent to Chihuahua for trial. Trial in such cases usually means death. It was also intimated they were accused of being spies employed by the federal forces.

When the rebels refused to release Ortiz on demand, claiming that he was a citizen of Mexico, telegrams were sent to senators and representatives at Washington, protesting against the action of the insurgents, who had agreed to liberate Ortiz for \$1,000 gold.

Felix Martinez, recently Democratic leader in the race for the United States senate from New Mexico, and Winchester Cooley, an El Paso banker, signed affidavits declaring him an American citizen whose parents were born in New Mexico. When the rebels learned that those affidavits were presented to Consul Edwards in Juarez, they shipped Ortiz to Chihuahua.

Mayor Kelley thereupon telegraphed Gen. Orozco at Chihuahua protesting against the arrest and detention of Ortiz. It is a belief in El Paso that Orozco is trying to provoke intervention by the United States.

RAIN AND HAIL IN TWO STATES

Missouri and Kansas Get Great Downpour, With Much Wind—Damage Was Small.

Topeka, June 6.—Heavy rains in spots with hail and high wind visited Kansas. Heavy rains were reported between Dodge City and Newton, in a strip about 70 miles wide around Marysville and between Lawrence, Leavenworth and Kansas City.

The wind blew down some small outbuildings, broke limbs off trees and did other slight damage. Near Topeka the wind blew down several buildings and killed some farm stock.

St. Joseph, Mo., June 6.—A high wind, accompanying rain and hail, almost assumed proportions of a tornado in North St. Joseph. Considerable injury was done to fruit trees and berries by the hailstones, the largest that have fallen here in a number of years.

Sedalia, Mo., June 6.—The drought throughout this section was broken by a downpour of rain of more than an hour's duration, accompanied by a heavy hail. An inch of rain fell at Lamonte.

MAY IMPEACH JUDGE HANFORD

Representative Berger Aroused Over Case of Seattle Man Deprived of Citizenship.

Washington, June 6.—Encouraged by a letter from Attorney General Wickersham recommending re-opening of the case depriving Leonard Oleson of Seattle of citizenship because he was a Socialist, Representative Berger of Wisconsin declared his intention of urging impeachment proceedings against United States District Judge Hanford, who decided the issue.

Oleson's certificate of naturalization was cancelled by Judge Hanford on testimony that Oleson subscribed to the principles of the Socialist party.

To Test Kansas Road.

Quenemo, Kan., June 6.—The Commercial club of this city has arranged for a motor car ride over the new county road through Osage county Friday. The road extends from the Franklin county line to Lebo, a distance of 29 miles, and is a thoroughly modern dirt road. Friday night the Quenemo Commercial club will entertain the motorists here at a dinner.

Jersey Cost \$12,825.

Trenton, N. J., June 6.—It cost the Roosevelt campaign managers \$12,825 to win the primary fight in New Jersey last Tuesday. This is the amount certified to the clerk of Essex county by the progressive Republican committee. Most of the money was spent to finance Roosevelt's tour of the state.

New Trial for Socialist.

Washington, June 6.—President Taft and Attorney General Wickersham ordered federal officials at Seattle to grant a new trial to Leonard Oleson, whose citizenship papers were cancelled by Judge Hanford, at Seattle, because Oleson, a Socialist, attacked the constitution.

Bishop Luccock at Guthrie.

Guthrie, Ok., June 6.—Bishop Luccock of Kansas City delivered the baccalaureate address here to the graduates of the Methodist University of Oklahoma. All places of business closed from 9 o'clock until noon because of the exercises.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment of Women," sent in plain wrapper, on request.
